On behalf of The Committee for Sustainability and Future of Horse Racing in Saskatchewan

Horse racing makes Saskatchewan's horse industry stronger. The money generated by the industry contributes to many of the things that we enjoy as horse owners. Without racing, we would have fewer equine vets, fewer farriers, fewer massage therapists and fewer fields seeded to hay and oats. Local feed stores and tack shops would have trouble staying afloat. The industry contributes to a strong foundation for all horse activities.

The overall economic contribution of the horse industry in Saskatchewan was \$723M in 2009. Horse racing specifically contributed over \$37M to the province's economy in 2010, according to a study commissioned by Equine Canada.

Over 500 people are licensed to work in the industry each year. For these people, racing is a way of life. Many families have been a part of the sport for several generations, sharing in the excitement and challenges of horse life with their children and grandchildren.

In 2016, 47.6% of horses at Marquis Downs were owned by people of First Nation or Metis heritage, who also make up 43% of trainers, 39% of owners, 25% of jockeys, 39% of pari-mutuel clerks and 40% of racing officials.

Unfortunately for all of us, racing is facing tough times in the province. The total number of starters is diminishing as Saskatchewan's purse pool is less than half that of neighbouring provinces and shrinking.

Average purses at Marquis Downs are \$3000 - \$5,500, compared to Edmonton with \$5,500 - \$20,000 or Winnipeg with \$7,500 - \$15,000.

The average earning of horses at Marquis Downs in 2016 was \$2,212. As anyone who owns a horse knows, this isn't enough money to keep a horse in training for 6 months, let alone cover the purchase price, feed, vet and farrier, or the cost to winter them.

The top earner in Saskatchewan in 2016 would have ranked 81st in Manitoba, 194th in Alberta and 202nd in British Columbia.

By participating in this auction, you are contributing to a better horse racing industry by providing a horse with a new career and a loving home. This means a lot to the breeders, owners, and trainers who loved your horse, and who have spent years breeding, raising, and training your new horse to load, to trailer, to stand for the farrier and to do tricks for peppermints.

Thank you from all of us.

SASKATCHEWAN EQUINE EXPO

OFF TRACK THOROUGHBRED CHALLENGE

Qualified trainers purchase a retired thoroughbred racehorse and spend 6 months to 1 year retraining it to compete in a variety of chosen disciplines at the 2019 Saskatchewan Equine Expo.

INFORMATION FOR APPLICANTS

WHY SHOULD I PARTICIPATE?

If you are a trainer looking to show the public what you can do with a horse, if you are passionate about rehoming racehorses, if you are looking for a challenge or for your next prospect, this event may be for you.

Trainers will be encouraged to showcase the training process through social media – this is great exposure for your training program!

HOW DOES IT WORK?

If you are interested in this event, fill out an application form. Your application will be reviewed by a committee. You need not be a professional trainer to apply, but you will need to be able to show that you can safely take a horse off the track and bring it along through the allocated training period.

If you are approved, you can start looking for your horse!

In order to qualify, horses would need to have raced in 2017 or 2018 in order to compete at the 2019 Expo (horses do not need to come from Saskatchewan, there are a number of racetracks in Western Canada where you may find prospects). You may purchase your own horse, or train it for others. You may start training 1 year in advance of the competition (the last day of Expo 2018). This means you may need to give your horse some time before you start training it. For example, if you purchase a horse in the fall of 2017, you may not start training until February 2018. If, on the other hand, you wait until fall of 2018, you will only have 6 months to retrain your horse.

You may enter up to 2 disciplines. The event will include: dressage (Western or English), barrel racing, jumping, obstacle challenge and freestyle.

Freestyle is a catch all and could include mounted shooting, reining, driving or any event or performance that you would like to use to showcase your horse.

Preliminary rounds will take place in the days leading up to the Expo, and the top 4 horses in each discipline will compete for prize money during the weekend of the Expo.

Although there will not be a sale of horses at the Expo, if your horse will be for sale, you are encouraged to advertise and promote that horse for sale at the Expo. The announcer will ensure the crowd is aware if a horse is for sale.

INFORMATION FOR APPLICANTS CONT. ON NEXT PAGE

INFORMATION FOR APPLICANTS CONT.

Prize money will be awarded as follows:

20% for each discipline with the top 4 finishers receiving the following:

1ST	2ND	3RD	4TH
10%	5%	3%	2%

Saskatchewan's Top OTTB will be chosen by Expo Spectators. This is a crowd favourite award for bragging rights only (no prize money attached).

Rae Rae is a gorgeous mare. This California bred mare is vice free, stands for the farrier and is good to tie. The owner's son, who is terrified of horses, feels comfortable enough to go in to halter her and walk her out of the pasture. She follows you around and is the first one at the fence to greet you.

Her owner says she is sound now but did have an injury which is why she was retired. Discuss with owner for further information.

She has had five or six rides off the track in a western saddle in the past. She is used to dogs, goats, and heavy equipment.

Super sweet and loving. Owner is very sad to sell him.

She boarded him at an indoor arena last winter and rode him. She rode western and did walk/trot/lope and circles, the basics. He is fine being ridden alone or with other horses around. By the third ride he felt like a saddle horse.

He is fantastic for farrier and doesn't need to be held (according to farrier). Pride also loves his baths. Pride trailers well, and his owner reports that he is sound and should be suitable for any discipline.

Nancy is a gorgeous, well dappled out mare.

She should be suitable for any discipline. She stands for the farrier and bathes without issue. She recently had to be unloaded in a busy parking lot because of a trailer breakdown; she was calm and cooperative and loaded back on without issue.

Nancy just isn't fast enough to be a racehorse, but is a lovely mare.

Edison Lights Up in Canadian Derby Romp (video)

*After setting in mid-pack early in the **Canadian Derby Stakes (Gr 3)**, Edison took charge at the quarter pole and romped to an eye-widening 11 1/2-length triumph at Northland's Park.*

There was no catching the Florida-bred Edison through the stretch as he extended his command with each stride for the open-lengths triumph as the 5-2 second choice in the 11-horse field.

Bred in Florida by Destiny Oaks of Ocala, Edison was a \$950,000 purchase by Coolmore bloodstock adviser Demi O'Byrne at the 2013 Fasig-Tipton Florida March sale of selected 2-year-olds in training.

Edison, has the sire power, a wonderful family, a good temperament and his conformation is outstanding. Rarely does a stallion prospect like this get introduced into a regional market.

Covered 24 mares in 2016 and 34 in 2017. His first foals will be yearlings in 2018.

Call for stud fee consideration regarding your mare's pedigree, race record, racing progeny, and/or multiple breedings.

Your new racehorse just off the track (OTTB) will probably need three months or more to back off from extreme fitness and re-adjust his system from the high-energy grain regimen. Normal non-racing barn routine and daily turnout will be new experiences that need to be introduced gradually.
